Washington Secretary of State  
Legislative Building  
PO Box 40220  
Olympia, WA 98504

**Re: Public Records Request**

Dear Secretary Reed:

Thank you for your responsiveness to our prior public records requests. Pursuant to Washington Public Disclosure Act, RCW 42.56, Washington Families Standing Together ("WAFST") requests copies of or access to the following documents or categories of documents related to Referendum 71:

- (1) Lists, annotations, or other documents identifying by volume number, petition number and line number those signatures initially rejected as to which the initial determination rejecting the signature was overturned upon a re-review of the signature by a master checker, supervisor or other Secretary of State personnel.
- (2) Lists, annotations, or other documents identifying by volume number, petition number and line number those signatures initially rejected as to which the initial determination rejecting the signature was overturned upon a re-review of the signature by checkers using the 'live' voter registration database, including the date of voter registration for each, as per a prior public records request still pending.
- (3) Log of all volumes checked, indicating which checker checked each volume, and the roster of checker names and schedule for checker shifts.
- (4) Reports, reviews, training materials or other documents created by supervisors with respect to the signature certification process.
- (5) Voter registration records, signature cards, signature images on computer databases, including the 'read-only' and/or 'live' voter registration databases and any other records maintained by the Secretary of State utilized by that office to certify the validity of signatures on petitions filed with respect to Referendum 71.
- (6) Should the temporary restraining order entered on July 29, 2009, in Case No. 09-5456BHS (Dkt. #9) be lifted, copies, provided in CD-ROM format, of all signed petitions submitted to your office on July 25.
- (7) Should the temporary restraining order entered on July 29, 2009, in Case No. 09-5456BHS (Dkt. #9) be lifted, the opportunity to inspect the original petitions for Referendum 71 as organized in the volumes compiled by the Secretary of State and to make copies of such documents. Should the petitions as organized in volumes be compiled in electronic form, we request such copies in CD-ROM format.

If these materials are stored electronically, please produce them in their native format (rather than printing them on paper). If they exist solely on paper, then we would like to obtain a complete and legible copy of responsive materials. If you estimate that the costs of providing these materials will exceed \$1,000, please call us at (206) 682-9552 x 112 before incurring those expenses.

Please feel free to contact me with any questions. Thank you for your immediate attention and cooperation.

Very truly yours,

A handwritten signature in black ink, appearing to read 'Anne Levinson', with a stylized flourish at the end.

Anne Levinson

Chair, Washington Families Standing Together
